

⚠️ Heavy Rain Warning

🕒 Urgency: Immediate **⚠️ Severity:** Moderate
🎯 Certainty: Likely

Issued:

Thu 16 Apr 2026
14:32

Effective:

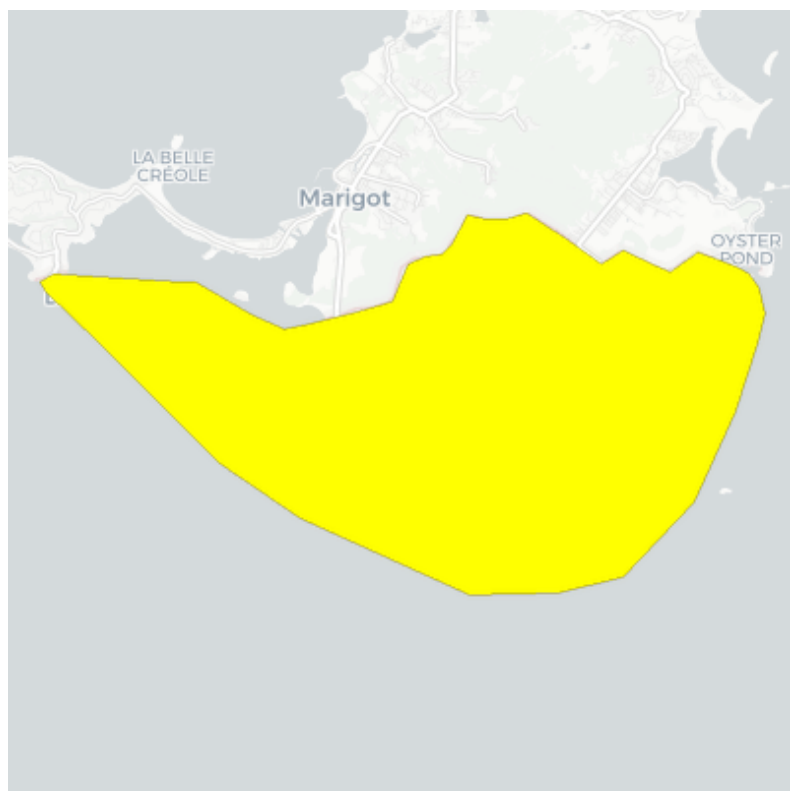

Thu 16 Apr 2026
14:32

Onset:

Thu 21 Aug 2025
16:00

Expires:

Fri 22 Aug 2025
15:00

Area:

St Maarten and Coastal Waters

Description:

Periods of moderate to heavy rain today continuing overnight over land areas, expected to ease early tomorrow morning. During this period a further 20 to 30 mm is expected to accumulate about the coastal areas and lesser amount elsewhere. Peak intensities of 10 to 20mm/hr in isolated heavy falls.

Instruction:

A Severe Weather Warning or Watch means conditions are favourable for severe weather in and close to the indicated area. People in these areas should be on the lookout for

threatening weather conditions and monitor for further updates from the SMMD. For information on preparing for and keeping safe during a storm, see the Disaster Management Agency and SMMD website.
